24 January 1972

MEMORANDUM FOR : O/LC

SUBJECT : "Q" Clearances

1. The Office of Scientific Intelligence has requested that the need of every individual on the attached list to hold a "Q" clearance be reviewed. The D/OSI emphasized that retention of the clearance must be as a result of a demonstrated need and not on the feeling that it would be useful to retain. He suggested that if an individual has not used the "Q" clearance in the past year, arrangement be made for his debriefing.

2. Please review the attachment and return it to AO/DCI by 26 January indicating those whose clearance should be removed.
